

TRANSPORTATION SAFETY ANSWER MANUAL

HOURS OF SERVICE

100 Air-Mile Radius Driver

Name

100 air-mile radius driver.

Regulatory Citation

49 CFR 395.1(e)(1)

Overview

A driver of a property-carrying motor vehicle is not required to make out a log if the following criteria are met:

- The driver operates within a 100 air-mile radius of the normal work reporting location;
- The driver (except a driver salesperson) returns to the work reporting location and is released from work within 12 consecutive hours;
- At least 10 consecutive hours off duty separate each 12 hours on duty;
- The driver does not drive more than 11 hours following 10 consecutive hours off duty; and
- The motor carrier maintains the driver's time records for 6 months showing:
 - The time the driver reports for duty each day;
 - The time the driver is released from duty each day;
 - The total number of hours the driver is on duty each day; and
 - The total time on duty for the preceding seven days for drivers used for the first time or intermittently.

The driver can cross a state line and still come under the 100 air-mile radius exemption, if the criteria listed above are met.

A 100 air-mile radius driver is not exempt from the 60-hour/7-day or 70-hour/8-day limit.

One hundred air-miles are equivalent to 115.08 statute miles.
