Introduction

How to Use This Manual

How to Do a Facility Audit

OSHA Plant Safety Audit Checklist: Self-Inspection

Types of Hazards

Addressing the Hazards in Your Work Area

Safety and Health Management Program: Voluntary Guidelines

List of Required Inspections: OSHA and EPA

Distances for Access and Clearance

EPA/OSHA Checklists for Work Areas

The Process

Quick OSHA Audit Sheet

Workplace Audit Checklists

Aboveground Storage Tanks

Alarms and Warnings

Ammonia Refrigeration

Asbestos

Battery Charging Area

Behavior-Based Safety

Bucket Trucks and Service Vehicles

Cafeteria / Break Area

Chemical Storage Area

Cleanup Sites—Natural Disaster

Combustible Dust Areas

Compressed Gas Storage Area

Confined Spaces (Permit-Required)

Construction Cranes—Daily / Monthly Inspections

Construction Cranes—Operation and Specific Equipment

Contractors

Conveyor Area

Dipping and Coating Operations

Electrical Systems—Components and Equipment for General Use

Electrical Systems—General Requirements

Electrical Systems—Grounding

COMPLIANCE AUDITS: ESSENTIAL CHECKLISTS FOR OSHA, EPA & OTHER KEY AGENCIES

Electrical Systems—Receptacles, Appliances, Motors, Lighting
Electrical Systems—Temporary Wiring
Electrical Systems—Use of Equipment
Electrical Systems—Wiring Design and Protection
Electrical Systems—Working Space About Electric Equipment
Electrical Systems—Work Practices
Electrical Utilities
Emergency Response Area
Emergency Response / Disaster Recovery
Employee Protection—Construction
Environmental Compliance—General Industry Issues
Ergonomics
Excavation Area
Exit Routes
Facilities Marking I
Facilities Marking II
Fire Detection Systems
Fire Protection and Prevention—Construction
First Aid / Medical Treatment Area
Fleet Vehicles (Automobiles)
Forklifts
Forklifts: Daily Inspections
General Industry Cranes—Required Inspections
General Production Area
Grinding Area
Grounds
Hazard Assessment
Hazard Awareness
Hazardous Waste Storage Area: Large Quantity Generators
Hazardous Waste Storage Area: Small Quantity Generators
Human Resources—General
Human Resources—Laws and Regulations
Indoor Air Quality
Inspection Records
ISO 14001 / Environmental Management Systems: Administrative
ISO 14001 / Environmental Management Systems: Recordkeeping
Laboratories—Covered by 29 CFR 1910.1450
Laboratories—General Safety Issues
Locker Room
Lockout / Tagout Storage Area

Machine Guarding
Mailroom Safety
Office Area
Outdoor Storage Room
Pandemic Flu
Plant Maintenance Area
Portable Fire Extinguishers
Process Safety Management
Recordkeeping
Renovation Area
Respiratory Protection Storage Area
Shipping/Receiving: Hazardous Substances Handling
Shipping/Receiving
Site Security
Slings—General
Slings—Steel Chain
Slings—Natural and Synthetic Fiber Rope
Slings—Wire Rope
Slings—Synthetic Web
Slings—Metal Mesh
Spray Paint Area
Steel Erection I
Steel Erection II
Toxic and Hazardous Substances
Training Records
Vehicle Maintenance Area
Walking-Working Surfaces: Floors
Walking-Working Surfaces: Ladders
Warehouse Area
Welding Area—General
Welding Area—Arc Welding
Welding Area—Oxygen-Fuel Gas
Welding Area—Resistance Welding
Work Environment—Construction I
Work Environment—Construction II
Written Programs
State Requirements
Alaska
California—General Safety Issues
California—Emergency
